PROFESSIONAL SUMMARY

Data Analyst with over 4 years of experience analyzing fraud metrics in the logistics | e-commerce sector and over 12 years of experience in the banking sector, specialized in Foreign Trade and International Operations.

Today I combine my business experience with the professional and ethical use of tools to extract, transform, load, analyze, and visualize data to communicate valuable insights, developing dashboards and reports that support data-driven decision-making.

Proven track record reducing fraud and operating costs through early pattern detection, KPI tracking, and continuous process improvement.

TECHNICAL SKILLS

Data Analysis & BI:

- Power BI (DAX, Power Query, data modeling, interactive reports)
- SQL (MySQL) — queries, joins, aggregations, data analysis
- Python (pandas, NumPy, Matplotlib, Colab, VSCode) — data analysis
- Advanced Excel and Google Sheets — pivot tables, complex formulas

Visualization & Reporting:

- Dashboard design in Power BI, KPIs, fraud reports, financial analysis, HR and sales reports
- BigQuery, Firebase, Google Analytics 4 (GA4), Google Tag Manager (GTM). Data Studio.

Applied AI Tools:

- ChatGPT, Gemini, Copilot, Claude, NotebookLM, Make

Languages:

- Spanish (native)

WORK EXPERIENCE

Webpack S.A. — Mercado Libre Logistics | Buenos Aires, Argentina

Mar. 2020 – Oct. 2024

E-Commerce Fraud Prevention and Claims Analyst

- Analysis of fraud metrics and KPI tracking through Power BI and Excel dashboards, contributing to a sustained reduction in financial losses.
- Design and implementation of a real-time claims monitoring system, positioning the company as the logistics provider with the lowest fraud rate in the market.
- Preparation of fraud reports using data analysis and visualization tools to detect patterns and anomalies.
- Implementation of controls and early fraud detection processes, ensuring operational continuity and compliance with market standards.
- Interdepartmental coordination with operations and security areas to optimize alert response processes and reduce incidents.

Achievement: Real-time monitoring system with direct impact on cost reduction — a benchmark in the logistics market.

BFC Banco Fondo Común | Caracas, Venezuela

Jul. 2010 – Dec. 2017

Foreign Trade Specialist — VP International Operations

- Comprehensive management of imports through letters of credit, documentary collections, and endorsed bills of exchange.
- Management of accounting support records, reconciliations, and regulatory tracking of international operations.

Banco Exterior S.A. | Caracas, Venezuela

Jun. 2006 – May. 2010

International Operations Analyst — VP International Operations

- Processing and control of international foreign currency operations, import management, and settlements.

Banco Venezolano de Crédito | Caracas, Venezuela

Sep. 2002 – Mar. 2007

Purchasing Analyst / Sales Representative

- Cash handling, budgeting, and asset acquisition. Client acquisition and retention with consistent achievement of sales targets.

EDUCATION & CERTIFICATIONS

In Progress:
